To reach the trailhead: when you get to the market town, go past the church and turn immediately on your left in the direction of Salon-la-Tour. Walk about 2km and turn right on the “La Bessade” sign, when you come from Condat.

## Departure “La Bessade”

**|1|** Take the first road on the right after the “La Bessade” sign, coming from Condat. **|2|** 50m away in front of the house, turn left. **|3|** At the first path on your right, go straight ahead.

**|4|** At the end of the path, turn left and cross the bridge across “Le Ganaveix”. **|5|** 300m away, take a path on your left that goes up to the “chasse gardée” (preserve) sign.

**|6|** At the crossroad, turn on the left and keep walking until you meet the tarmac road.

*(Variant: possibility to continue straight until the RD137, turn left for about 300 metres and catch up the itinerary at the step 11).*

**|7|** Turn left and keep walking until you reach the village of “Lavalade”. **|8|** At the crossroads, turn left and continue until you meet the RD137. **|9|** Cross (notice the view on Les Monédières) and continue on the path. **|10|** At the end of the path, turn on your left to reach the RD137.

**|11|** Cross the road and take the path in front of you (between the 2 “chasse gardée” signs) and keep walking straight ignoring all the side paths – cross the stream “Le Ganaveix” through the footbridge. **|12|** After the footbridge, take the path on your right.

**|13|** At 50m, take the left trail going up. **|14|** At the crossroads about 500 metres away, turn left (ignore the 2 right paths). **|15|** At the end of the path, turn right until you reach the tarmac road and continue straight to come back to the starting point.
